EXPERIENCE

GlobalLogic (Hitachi Group)
Software Engineer

03/2024 – Present
Bengaluru, India

BuilMirai – Smart Building Management Platform | *Java, Spring Boot, Microservices, PostgreSQL, Kafka, Debezium*

- Developed **Spring Boot microservices and REST APIs** for Hitachi's **BuilMirai platform**, implementing backend workflows for building operations and management.
- Designed and implemented **database partitioning** for large-volume datasets, reducing API response times by **up to 60%**.
- Migrated event publishing from application-level **Kafka producers to Debezium CDC using the Transactional Outbox Pattern**, eliminating **dual-write inconsistencies** while enabling reliable, **near-real-time event streaming**.

QAD Adaptive ERP – Legacy Modernization | *Java, Spring Boot, REST APIs, Progress 4GL*

- Contributed to modernizing **QAD Adaptive ERP**, used by **500+ global manufacturing clients**, by migrating legacy **Progress 4GL functionality to Java and Spring Boot**.
- Analyzed legacy business logic and developed backend services for **EDI, Sales, Service, and Inventory** modules while maintaining functional parity.
- Resolved **15+ production and pre-production defects within a month** through root-cause analysis across multiple ERP modules.

SKILLS

Backend: Java, Spring, Spring Boot, Microservices, REST APIs, Kafka, Debezium CDC

Databases & Caching: PostgreSQL, MySQL, Redis, SQL, Database Partitioning, Flyway

Frontend: React.js, JavaScript, HTML5, CSS, Tailwind CSS

Tools & Cloud: Git, GitHub, AWS, SVN, Jira, Lens

PROJECTS

AI-Powered E-Commerce Platform | *Java, Spring Boot, PostgreSQL (pgvector), Ollama, Kafka, Redis, React.js*

- Built **semantic product search** using **vector embeddings** stored in PostgreSQL with **pgvector**.
- Integrated **Ollama** for local LLM-based embedding generation and intelligent query processing.
- Implemented **JWT-based authentication and RBAC** for **User, Seller, and Admin** roles.
- Designed **Kafka-based asynchronous workflows** for order processing and notifications.
- Developed **REST APIs** for product, order, and user management with a responsive **React frontend**.

EDUCATION

Lovely Professional University
B.Tech. in Computer Science and Engineering

07/2019 – 04/2023
Phagwara, India

AWARDS & CERTIFICATIONS

SpotLight of the Month – GlobalLogic (Oct 2025): Awarded for exceptional ownership and debugging efficiency.

Marvel Award – GlobalLogic (Nov 2024): Recognized for outstanding performance and contributions.

Certifications: Namaste React, GitHub Foundations, Introduction to HTML/CSS/JavaScript – University of Michigan
